

Why do Customers Choose net2phone?

A leading cloud based communications provider

8 **Unrivalled calling plan**
net2phone includes free unlimited nationwide calling and free and unlimited international calling to over 25 countries.

7 **Bundling options**
Customers can bundle lines, seats, and services or unbundle, giving full control to get - and pay for - only what you need.

6 **One size fits all**
net2phone seat licenses includes all features, while others have tiered licenses, adding additional costs.

5 **Simple & easy pricing**
There are no hidden fees - no portal fees, no administrative fees, no customization fees, and no surprises.

4 **Advanced feature set**
Each user receives their own number, voicemail, voicemail to email, find me follow me, mobile applications, live record, presence panel and user portal. System benefits include free auto attendants, advanced group routing, and system usage reports.

3 **White glove "concierge" service.**
A dedicated voice over IP engineer for a hands on on-boarding experience with every customer.

2 **100% US based support**
24x7 US based support is free and included for every customer, every step of the way.

1 **Global leader since 1990**
Backed by IDT's global network capability, net2phone has over 25 years of providing the most efficient and reliable, highest quality voice services.
